

# **HMS Warrior 1860**

## **Key Stage 3 Explorer Trail**

### **Welcome Aboard!**

This activity is designed to encourage pupils to find out about the ship and life on board for the crew in 1860.

A trail booklet is supplied for pupils to complete. This gives pupils some information about the ship and life on board and asks them to complete simple writing/drawing tasks to record additional details.

This trail follows a planned route and clear instructions are given in the trail booklets. Groups should begin the trail on the jetty alongside the ship.

**This trail takes in all four decks of the ship, from the Upper Deck to the stokehold and engine room. Pupils will need supervision throughout their visit, but especially when managing the ladders up and down between the decks.**

**You should allow at least 1 hour to complete this trail.**
